

Functions of Conjunctions

Match the conjunction to its function in the box below, adding further examples where possible. Write one example sentence for each type of conjunction (6 sentences in total).

Addition	Result	Reason	Opposition	Example	Time

moreover	because	in addition	although
therefore	as well as	but	so
and	albeit	nevertheless	whereas
such as	despite	due to	while
then	after	next	for instance
owing to	consequently	furthermore	that is why
as a result of	plus	in particular	subsequently
yet	however	also	since
while	as	in spite of	thus
